

## SLHC Draft Minutes – 01.05.17

The meeting took place at Barlow Hospital, Williams Hall where we attended a lecture by Ken Bernstein, head of the Dept. of Historic Resources for Los Angeles.

Our meeting commenced at 6:30. We attended the lecture after our meeting.

Those in attendance: Marco Larsen, Michael Masterson, Cheryl Revkin, Jenifer Palmer-Lacy, Mark Simon

Minutes from November were approved.

3. a. Jenifer brought up the desire on the part of Vince Brook and Michael Locke, and with our support, for creation of a Silver Lake History museum. We thought that approaching some of the new developers who are building in Silver Lake, that they designate a space for us. Possibly Frost Chaddock?

b. We need to sort out legalities for use of our footage. There were issues with getting the LA Conservancy permission to use our Black Cat footage in a documentary. Michael will pursue this.

c. We also discussed proposed future interviews:  
Lewis McAdams from Friends of the LA River which he founded – Jenifer will try  
John Fleck and Carole Cetrone- Mark and Marco will pursue  
Dora Herrera and her mother from Yuca's tacos - Cheryl  
Sandy Driskott from the Rose Scharlin Nursery School - Cheryl  
Chandelier Tree (Adam Tenenbaum) - Michael

4. The interview with Scott Craig and Peter Alexander, the owners of AKBAR, went up on our YouTube channel. Thanks to Marco for completing it. Copies of the DVD will be given to Scott and Peter by Michael who will also write the interview blurb.

5. The lecture was excellent. Ken emphasized that the department needs applications and input from members of the community to support their efforts. He mentioned that, although we have a very small staff (compared to NYC which has 70+ staff members) of 13, we have a well-organized system for designation of historic properties and landmarks and our work ranks second to NYC nationwide. He gave out information about various websites to access information (they are easy to Google) and thanked THE GETTY FOUNDATION for giving their support for the department's efforts. [SurveyLA.org](http://SurveyLA.org) was organized by them.

Next Meeting: Feb 2<sup>nd</sup> at the Silver Lake Library Community Room at 6:30 PM

\* Note: The Silver Lake Chamber of Commerce is holding a mixer at the Neutra Institute Museum on the same night. The mixer will last until 8:30 with an after party at the Red Lion so we can attend if we wish.
