### 4. COMMITTEE MEMBER ANNOUNCEMENTS:

A. LGBT Pride Month programming for June 2 in conjunction with the library. Mark and Marco will meet this weekend and discuss putting a program together. They will notify us and the library. They are thinking are putting a few of our interviews, inviting some interesting people to be there.

B. Maia made a great presentation: Maia has lived in Silver Lake since 1995 and currently lives with her grandfather (a longtime resident) near the library. She has always been a history "nerd" and wants to be involved with us and our efforts to gather the history of Silver Lake. She is an active member of the ART DECO SOCIETY (Jenifer knows them too) [www.adsla.org](http://www.adsla.org). They do film events, tours, etc. and hopes we can network with them. [www/adsla.org](http://www/adsla.org)

Her idea to do 15-minute podcasts would be like Prairie Home Companion, Your Friendly Neighborhood Murder, etc. but make it relevant to Silver Lake. Some ideas: Robert Lurye, a neighbor who has a lot of great history in Silver Lake, in

his professional life, at his home. Lynne suggested the Chandelier House on West Silver Lake Dr. and Man in the Attic murder case.

Maia works at home, has time, would like to involve us and her friends. There would be no budget involved. Marco thinks we can link it to our YouTube and SLNC link. Maia will notify us when she does a podcast. She has her own camera, etc. and might use our mike and video camera.

She might connect us with FACEBOOK LA, a Facebook exclusive group that has good information about the LA scene, can give us interviewees.

She will use our release forms which Marco will email to her. She can promote our interviews, our committee and the podcasts with Periscope and Twitter if we choose to do this. Maia would be the moderator and maintain the participation in these groups. She would also promote with NextDoor Silver Lake and FB. She would also like to promote local musicians and artists in the podcasts.

C. Mark is following up with John Daugherty regarding an interview. The following 12 interviews will go to USC. Marco is waiting for a couple of things, then will notify Cheryl to take the hard drive down to USC:
