MOTION REQUEST

Date: September 22, 2016

Committee/Requestor: Scott Plante

Text of Motion: Move that the Silver Lake Neighborhood Council approve \$500 be paid to Craig Collins for completion of the Stair Map.

Committee Vote: N/A

Describe the event or project in detail:

The Silver Lake Stairways map was approved as a project by the previous board. The work was not completed, and Craig Collins volunteered to complete the project. Money appropriated (\$300) for the project was given to Craig as compensation for his efforts. This amount has been verified as paid and received.

Nevertheless, the project has proven to be time consuming. In order to get a project that is publishable in both print and website form will involve additional expenditure.

What is the timeline for the project?

ASAP

What is the total budget for the project? If this is a funding motion, please submit a completed Funding Request Form to the Treasurer at least 3 days before the Governing Board Meeting.

Date: November 22, 2016
Name: Executive Committee

Text of Motion:A one page summary of the Ralph Brown Act will be provided to members of defined membership committees of the Silver Lake Neighborhood Council.

Describe the event or project in detail: The responsibilities for voting members of certain membership defined committees of the SLNC go beyond those of non defined membership committees. Because of these specific responsibilities, it would be beneficial for these members to be familiar with certain requirements of the public meeting policies of the Ralph Brown Act. A one page summary, highlighting public meeting and communication requirements and restrictions will be created and provided to voting members of defined membership committees.

What is the total budget for the project? If this is a funding motion, please submit a completed Funding Request Form to the Treasurer at least 3 days before the Governing Board Meeting. N/A

Text Of Motion: Moves that comments posted on the SLNC FaceBook page will be viewed by those with administrative authority only.

Describe the event or project in detail: In order to ensure the Silver Lake Neighborhood Council FaceBook page remains a tool for positive, appropriate and useful information, it is imperative the board to be able to manage the page fairly and expeditiously. To achieve these goals, those with administrative authority should be the only entities with the authority and ability to view any and all comments posted on the SLNC Facebook page, as other neighborhood councils have done.

Committee/Requestor: Patty Jausoro, co-chair 50+ Committee

Text of Motion: Move that the SLNC approve an NPG for up to \$1,000 to help fund Saturday matinees for up to 1 year.

Committee Vote:No

Describe the event or project in detail:

For \$1,000, help provide food and other supplies for the monthly Saturday matinees held at the AT Center in coalition with the USFZ for one year. These events largely serve the local LGBT recovery community and are increasingly reaching People Experiencing Homelessness and Veterans. With these funds going to snacks and other direct costs, the USFZ and AT Center will be able to focus more attention onto outreach.

What is the timeline for the project?

Immediately, and spread throughout the year.

What is the total budget for the project? If this is a funding motion, please submit a completed Funding Request Form to the Treasurer at least 3 days before the Governing Board Meeting.

Text Of Motion: Makers move that the Silver Lake Neighborhood Council supports the Los Angeles Department Of Water and Powers' plan to begin refilling the Silver Lake and Ivanhoe Reservoirs, to historic levels, beginning no later than May 2017, with a combination of well water and rain runoff. And to support, if feasible, without delay of the refilling process, and if warranted, the covering, cosmetically, the "tiger stripes".

Describe the Event or Project in detail: After several community meetings, on November 14th, the DWP reported that the Silver Lake reservoirs would be refilled, to historic levels, with a combination of well and run-off water no later than May 2017. The DWP reported it would also *consider* cosmetically concealing the "tiger stripes" on the banks, using paint or slurry, only if any concealing would *not delay* the May 2017 refilling date. The SLNC has been a key informational partner with the DWP regarding all aspects of planning, construction, outreach and community involvement since the DWP presented the Reservoir Complex Project to the board in 2013. As an elected body, it's important for the SLNC Governing Board to continue our involvement, facilitation and support until the completion of the Reservoir Complex Project and beyond.

What is the timeline for the project: Vote would take place December 7th during the SLNC governing board meeting.

What is the total budget for the project? If this is a funding motion, please submit a completed Funding Request Form to the Treasurer at least 3 days before the Governing Board Meeting. N/A

Committee/Requestor: Heather Carson

Text of Motion: Move that the SLNC spend up to \$250 for an HP Chromebook 11 laptop computer to use at Board meetings to project the agenda and attached motions for stakeholders to follow along.

Describe the event or project in detail:

Currently we rely on a Board Member to bring in their laptop and this has resulted in the occasional meeting with no laptop and no way to project the agenda. The treasurer has been doing it but she also needs her laptop to take notes on funding votes. And anyone bringing in a flash drive for their presentations could possibly open up a personal computer to a virus. For SLNC business we should be using our own computer. The Chromebook is an extremely affordable laptop that does not have a hard drive but stores all files on google drive so no worries about backing up, or losing files if it crashes or gets lost or damaged. The laptop can be kept in the office (when we get one) to use for SLNC business. It can also be used at Board Meetings, Committee Meetings, or Outreach events to sign people up for our newsletter.

What is the timeline for the project?

Can be purchased as soon as voted on.

What is the total budget for the project?

MOTION REQUEST

Date: November 10, 2016

Committee/Requestor: Heather Carson

Text of Motion: Move to amend Standing Rule 39 by adding the following: “.03 Any Committee with a defined membership process shall also require its committee members to take the Ethics Training and sign the Code of Conduct and send proof of such to the SLNC Secretary. Failure to do so will mean losing voting privileges.”

Describe the event or project in detail:

Recently an email went out to the UDP Committee members with an update on an upcoming development in Silver Lake. One of the committee members (not a Board Member) ‘replied all’ stating their support of the development. It is a potential Brown Act violation to discuss any item with a voting body if it may potentially come before that body. When I sent an email to that effect I was accused by the committee member of suppressing free speech. I confirmed that this was a potential Brown Act violation with the City Attorney and she will be sending out an email to that effect shortly.

Currently we have two committees with membership requirements to be able to vote - Urban Design and Governmental Affairs. This motion is proposing that those two committees - and any future committees that have a defined membership process - require members to take the ethics training so that they are familiar with the Brown Act rules. Additionally we would ask them to sign the Code of Conduct to abide by when acting as a committee member.

Understanding the Brown Act is most especially important on the Urban Design Committee. They regularly receive proposals where millions of dollars are at stake. If a project was voted down and a Brown Act violation uncovered, that opens up the City to liability. Board Members are required to take this training and it is incumbent upon us to make sure that our Committees are following suit.

What is the timeline for the project?

If approved, both Committees would be notified of the new rule and given 30 days to comply (same as for Board Members)

What is the total budget for the project?

N/A

From which budget line(s) are the funds to be drawn?

N/A

How will this motion be implemented, and by whom?

The webmaster will update the Standing Rules on the website.

MOTION REQUEST

Date: 11.29.16

Committee/Requestor: Betsy Isroelit

Text of Motion: Move that the Silver Lake Neighborhood Council appoint two Board Members to participate in the Silver Lake Recreation Center's Winter special event, The Grinchmas Snowy Wonderland, on Saturday, December 17th from 11-3 p.m. There is no charge to participate and the Rec Center will provide canopies, a table and chairs.

Committee Vote:No

Describe the event or project in detail:

Christmas Snowy Wonderland, at the Silver Lake Rec Center, supports patients at the Children's Hospital of Los Angeles. Attendees are invited to bring a new unwrapped toy and enjoy a Grinch-filled day filled with games, prizes and SNOW.

What is the timeline for the project?

Saturday, December 17, 11-3 p.m.

What is the total budget for the project? If this is a funding motion, please submit a completed Funding Request Form to the Treasurer at least 3 days before the Governing Board Meeting.

No cost

From which budget line(s) are the funds to be drawn?

N/A

How will this motion be implemented, and by whom?

Betsy Isroelit is coordinating set up with the Rec Center. Two Board members will attend and represent the SLNC.

1. PUBLIC COMMENT ON NON-AGENDA ITEMS

David Weekley, Resident

Did research regarding 35 community plans underway (real estate in general) Hollywood plans include Silver Lake. Ongoing research. "Land Use and Governments" (USC research), land developers are looking at Silver Lake for projects. Need to find a way to circumvent their interest.

Rusty Millar brought attention to a Beverly Hills article in LA Times regarding development fees. The City of BH will bring in \$5M over a ten-year period. He suggested the need to look into this so that Silver Lake is not left holding the bag like the City Council.

Jessica Salans, Sargeant at Arms, and Candidate for Los Angeles City Council, District 13 (CD13)

Announced first public event in Virgil Village and discussed guests that will be attending including teacher from LA Dist regarding search and seizure of kids in schools. Need to avoid kids feeling criminalized.

Jerome Courshon

3rd DWP are having a community meeting on 11/14 at John Marshall High School re: reservoir. Was told about a town meeting initiative meeting on Saturday 11/19. They will be emailing the board about it.

Anne-Marie Johnson

Re cabaret license (Tenants of the Trees). Police commission approved request but there are conditions that the board and residents can enforce the terms and stipulations laid down. Anne-Marie will keep the board updated with residents with nuisance complaints. Barlow Hospital meeting re: short-term rentals tomorrow night (11/3)

She spoke about the adherence to the sound laws and that there would be three security guards every weekend.

Small asphalt repairs in Silver Lake?

Request from LA County to pool a Civil Grand Jury (one-year commitment);

Trick or treating (Halloween); larger than expected crowds; neighborhood needs to

Rosa _____:

Attended the Urban Agricultural (zone) at City Hall, large success. Will be pressed through City Hall and implemented next year. www.makeamericagreatagain.com (domain up for sale or barter to whoever will put up the first city farm in Silver Lake).

The budget applicants have begun their applications. Attended the DOT, the meeting with City Planning, etc. Good showing and results that will hopefully show in upcoming community projects.

1. ADMINISTRATIVE

1. Approval of September Board Minutes

**VOTE to postpone until next month
PASSED**

5.2 Setting of Public Safety Committee Meeting to elect new co-chairs

Nadine Trujillo (?) stepped down from her position. Safety Public Committee needed to elect co-chair. Anne-Marie recommends calling the meeting this month.

Heather Carson & Anne-Marie Johnson will pursue.

Motion 5.2 Passes

Motion 5.3 - Patty recommended a rental at 1753 Griffith Park for SLNC potential office. Submitted a request and received an approx. 45-page response.

Will put on the next Executive Committee Agenda to discuss.

Motion 5.4. Board of Designation of Second Signatory: Brought to our attention that we need to assign a second signer to assist the treasurer (Patty), (Glenn Harrell present), Taryn took it upon herself to find out the requirements. Scott Plante nominated Taryn Poole; Stacy Boucher seconded the motion of nomination.

With no objections, Taryn Poole was unanimously appointed as Second Signatory.

Motion 5.5 Discuss moving the regularly scheduled January 4th Board meeting to later in the month:

Motion passed; meeting will be held January 4th.

1. FINANCE AND BUDGET

1. Discussion and Possible Action (Treasurer): Approval of September 2016 MER Treasurer Patty Jausoro reported that postage has been paid for the rest of the year, and "Go Daddy" charged \$119.88 which is an additional charge (questionable charge that needs to be addressed). \$34,138.71 is left in the budget.

Motion passed unanimously

1. Discussion and Possible Action (Treasurer):

Business cards, Ivanhoe Down, Music Box, AppleOne, Mailroom are all covered.
Business cards are being printed currently,

Moved by Barbara Ringuette and seconded by Rusty Millarr.

16 votes unanimous. Motion passes without objection.

All expenses discussed and voted on, there is less than \$19010 on what we have left to spend.

Rusty asked about Go Daddy charges and outreach projects. Anne-Marie advised Rusty that these concerns are not included in the Treasurer Report.

Scott Plante brought up map done by artist is illegible. To make map legible for \$500 (5-10 hours).

Opened by Scott, seconded by Patty. Rusty does not support because he feels expense is frivolous and map is readily found elsewhere; Bob supports it because significant time and money has already been spent; Jerome doesn't support because he feels the map is lacking in artistic integrity; Patty supports it as a valuable resource and can be used in the community; Betsy agrees with Jerome and feels the project needs an art director; Heather explained (Erik Brightwell, artist) was allocated \$600 for artwork and \$300 for graphic design and copyright and artist rights; Glenn brought up this is an inherited situation, and the current board needs to decide whether to pay for it or not, and feels that the Board should pay the person regardless of the current Board's feelings; Scott clarified that the person in charge of this project walked away from it when she left the board, Scott inherited it and the artist was paid. Scott feels that it is illegible unlike the artist's other work, and this piece is going on a 11x17 brochure, so it should be legible for that purpose as well as the website, and it isn't. The legibility is the primary issue. It has been scanned professionally and it still is not legible; Jerome readdressed and reiterated that the quality is sub-par, Barbara did not find the map very appealing and thinks maybe that more money will improve the appeal; Terry believes the Board should do right by the artist regardless;

Anne-Marie brought to attention that the Board is only (Caroline Phan has joined the meeting) to *continue* the project.

Taryn asked if the Board would be allowed to alter the artist's work. Heather suggested that the Board postpone this meeting until discussion with artist. Scott pointed out that the artist was paid already and another artist/graphic designer (Craig) has picked up the project and it will require much more time to bring up to snuff.

Anne-Marie said this motion is too convoluted and strongly recommended postponement.

Scott has postponed, seconded by Betsy.

Motion 7.1 is postponed.

1. OLD BUSINESS: None None

2. CONSENT:

8.1 Motion: is pulled by Barbara and up for discussion.

Should a thank you letter be sent to Nazario Saucedo, Director of Public Works for trimming of 47 trees.

Motion to accept letter with photos attached.

Rusty Millar motioned/Scott Plant seconded.

Motion 8.1 passed.

8.2. Passes unanimously.

1. NEW BUSINESS

9.1 MOTION

Moves that constituent emails

Jerome took issue with the word “must” and suggested substituting the word “recommended”.

David felt that “freedom of speech” re cut & paste...

Heather voiced concern over verbiage and comments (esp. copy & paste); Barbara felt concern over same; Doug agreed with Barbara and felt they should carry less weight since a considerable number came from non-residents; Patty felt that the constituents wants are of concern; Anne-Marie addressed that this issue was addressed at City Hall and

Anne-Marie should know if these individuals are being impacted and strongly support the motion with the substitution of “recommend” instead of “must.”

Heather and Rusty also concurred about the constituency legitimacy issue; Scott also concurred. Betsy brought up substituting “will” with “may”.

Jerome moved to vote:

Anne-Marie read the motion with suggested corrections.

9.1 is unanimously passed

9.2 Moves that the EY&F Committee can by suspended.

If a committee remains dormant regardless of outreach, it is the right of said board to suspend committee.

Seconded by Rusty.

Rosa would like to postpone motion until next month as she has a presidential candidate she would like to discuss the committee with.

Jerome asked for clarification. A committee that has no co-chairs or council, it should be suspended until renewed interest happens.

Rusty gave a potted history about this committee and how difficult it's been to sustain in the community and it's been challenging to keep alive. Heather concurred with Rusty.

Jessica: interested in taking this up as it dovetails with her campaign concerns and issues. She was told she could submit a motion and it could be brought back to the board (Anne-Marie Johnson).

Anne-Marie called vote

Motion 9.2 passes unanimously.

Motion 9.3 – The maker moves that the SLNC Governing Board provided funding of up to \$650...

Motion seconded by Jerome.

Patty believes that the board should be readily recognizable with proper safety attire.

Bob thinks it's a lot of money considering this isn't something that isn't used that often nor are they used by all of the Board.

Anne-Marie believes this is brilliant idea and that it follows along the lines of outreach. The vests will live with the Board and not individuals.

Jerome concurred with Anne-Marie. He brought up a recent car accident as an example why emergency reflective vests are needed.

Barbara felt that training trumped vests and thinks it's unnecessary.

Betsy expressed concerns about liability in accidents especially with lack of training.

Heather believes it's a good idea especially with name tags. It makes the Board members readily identifiable and a clear presence at events.

Rusty expressed concern about the custody of the vests.

Glenn said individual vests can be purchased for \$6 on Amazon.com.

Patty felt that screen-printed vests are important for identification purposes at events. She also felt that traffic-direction is sometimes required despite lack of training.

Betsy asked if the vests are allowed to be kept in board member homes.

Taryn suggested that this is a good way for the Board to brand themselves.

Caroline asked if a substitute motion can be issued to buy the amazon.com versions.

Anne-Marie affirmed.

Caroline motioned, seconded by Bob.

Jerome objected unless there is a "brand".

Substitute motion failed.

Motion 9.4 – Urban design

Scott Plante explained the process of project proposal.

(Correction: project is 5-unit, not 9.)

Presentation by developer(s): First slide shows the density existing on the street. The lot in question could be built up in such a way (e.g., condos) which is probably better for the community in regards to ownership.

Slides show images of proposed projects showing space between buildings, street view and side elevations;

Affordable housing is affordable because it's affordable to build, and usually built on flat land(s). Silver Lake is very hilly but the project proposed is being built on the flatter areas. 8% of Silver Lake is "affordable" but not really, as it is a very affluent neighborhood.

Owner statement: This is a family project and has deep roots in the community and want to do projects that will serve such.

David pointed out that this is far-from-affordable housing and the proposed development is selling at \$1.5M each.

He feels that the motion should be denied.

Anne Marie called for comments from Board:

Heather said that she felt the project was not beneficial to Silver Lake. Three people with affordable rents will be displaced.

Scott said that we have a problem in Silver Lake as it is a poorly -planned city. With lack of density, there is no chance for affordable living as developers can't afford to build them.

Barbara showed concern regarding the height issue with roof decks, styles, etc in regards to the rest of the neighborhood.

Developer wasn't sure what the height was in relation to existing buildings. They weren't exactly sure what to describe the style as.

Terry: In LA and OC is the most dense in the country. It's about demand and supply and people who can afford \$22K/month...

Stacey: How many parking spaces will be included.

Developer: 4 per unit

Jerome: This is a challenging dilemma. He feels this is somewhere in the middle of being good and bad. His concern is losing three "affordable" units; SL has lost 20K SO houses since 2000.

Rusty: This developer has more "guest" parking than any other development has had.

Bob: It seems to be "fashionable" to be against small lots right now. He believes the project is great and sustainable and is well thought out.

Heather: The potential profit is exaggerated.

Patty: Is flat land conjecture or fact?

Developer: Fact.

Anne-Marie called the vote:

Motion 9.4 passes

9.5 – Heather was approached to be part of the Echo Park Parade. It's 12/10 and one of the mandates is that we interact with other communities.

Betsy: Doesn't feel the expense is necessary. Thinks we should support our schools.

Anne-Marie: believes that this should be addressed by the outreach program.

Do we want to participate and if so, will refer to outreach program.

Glenn believes we should support our sister neighborhoods.

Anne-Marie recommends four volunteers to walk down the street with the banner and handouts. With candy canes wearing pink vests.

Glenn motioned, Stacey seconds

Motion 9.5 passed.

9.6 – Support pending approval from City.

Motion was moved by Rusty, seconded by Barbara

Motion 9.6 passes without objection
