

Volunteers Needed for Reservoir

Silver Lake residents and stakeholders are concerned about the future of the reservoir and many believe volunteering to care for plants and landscaping is one of the most important things they can do to protect and preserve this community treasure. Each month a team of dedicated volunteers, under the direction of The Silver Lake Reservoirs Conservancy, gather for landscape workdays. The next event will take place at 9:00 a.m. this Saturday, January 7, at the corner of Armstrong Avenue and Silver Lake Boulevard.

Volunteers will be cleaning, weeding, spreading mulch and planting wildflower seeds. Participants are asked to bring gloves, a bottle of water and appropriate clothing for playing in the dirt including a sun hat.

Additional landscaping days are scheduled for Saturday, January 28, and Saturday, February 25.

If you plan to volunteer, please sign up [here](#).
