5. MOTIONS & RESOLUTIONS – Discussion and Possible Action

- a. **4141 W. Santa Monica Blvd.** **Sayles** 7:00 p.m.
Case Number ZA-2018-1571-CUB **NC Region 5**
CUB to allow the sale and dispensing of a full line of alcoholic beverages for on-site consumption in conjunction with a motel and restaurant.

Co-Chair Ferrell excused himself, stating he works for the consultant.

Zach, consultant: Seeking a CUB to allow the sale of a full line of alcoholic beverages for a restaurant to be located at a 54-unit motel. Restaurant is approximately 700 sf. Project was originally built as a hotel for the 1986 Olympics, and remains zoned as a hotel. Application hours are from 7am – 2am. Neighbors do not include schools or churches, there will be no adult entertainment, will be a family motel. Restaurant will be half the size of Tartine, recently before UDP. Pool will not be open to the public. 50% of the guests are expected to take taxis and Uber.

Aleutia, architect: Remodel is about nested massings. No increase in height or mass.

Zach: Hearing is in July. Sgt. Carasco of LAPD had no conditions.

Richard Brennan: CUB only. No change in use. Motel since 1986. Alcohol only.

Neighbor: Could you explain pedestrian circulation? Where are curb cuts?

Aleutia pointed out the circulation and curb cuts.

Neighbor: Any different hours for the pool?

Zach: No different hours for the pool.

Cliff Towne: Will there be tables at pool? Waitress service? Food?

Zach: Food service, tables, yes.

Wayne Jacobson: Concerned about street parking. Has fought city for parking meters. Concerned about noise for neighbors up the hill. Building has failed 3-4 times. Vagrants. No reason for this kind of operation.

Zach: Not a stand alone bar, a quality sit-down restaurant. Parking is ample. Owners will not permit loud drinking: noise and bad service will affect reputation.

Lisauskas: Who will manage the restaurant? Professional operation?

Zach: Professional chef to manage. Yes on professional operator.

Johnson: Important for Silver Lake to have a middle of the neighborhood hotel. Would personally love a B&B. Beyond saturation point with AirBnB and this will help relieve that pressure on the neighborhood. SL needs a hotel, but against the alcohol. Suggest limiting service outside.

Goodin: How were residents removed? Long term tenants?

Elisa/360: Structure always a hotel. Not rent control. 30 days. Not full units, hotel rooms.

Neighbor: Pool moving?

Zach: Pool will be located at second floor of hotel, near manager's unit.

Ringuette: Employee parking?

Zach: Expect 8-9 full time staff, 1 manager. Will park in lot, walk, ride. Parked to code, which is 35 cars.

Elise: Will be a full time parking valet, which will increase parking capacity.
