# JOIN US TO REVIEW THE RESERVOIRS SURVEY RESULTS

## Community Meeting

**Monday, January 28**

**7 p.m.**

**Ivanhoe Elementary  
School**

The **Loyola Marymount University Center for Urban Resilience Research Team** will present the results of its recent survey on the future of the Silver Lake Reservoirs Complex. The study was conducted during November and December, 2018, in partnership with the Silver Lake Neighborhood Council. Residents and reservoirs' stakeholders shared their thoughts about existing and future facilities and features.

The survey will be an indispensable tool as work begins on the new Reservoirs' Master Plan.
