

LOCAL GROCERY STORES SPECIAL SHOPPING HOURS

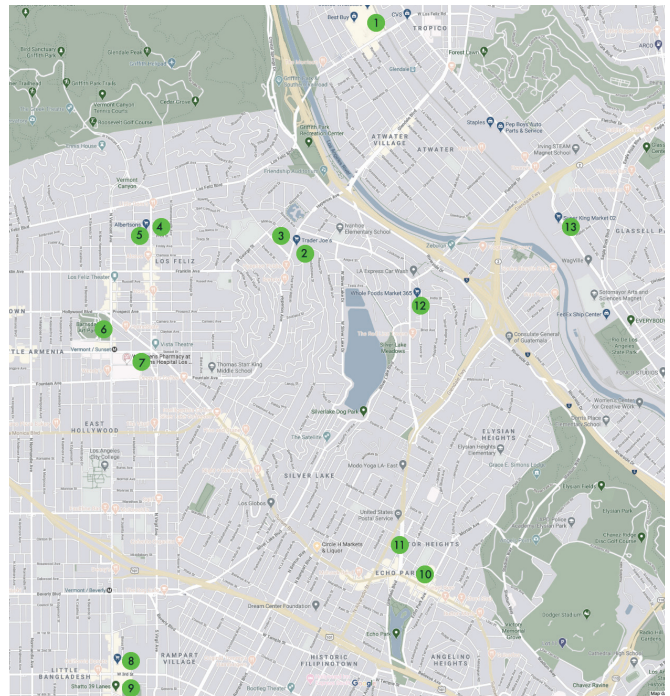

updated April 13, 2020

 SPECIAL HOURS DESIGNATED

 NO SPECIAL HOURS DESIGNATED

PLEASE NOTE: the LA County Public Health Department recommends those who are 65 and over, those with underlying health conditions, and pregnant women should avoid public gatherings or places where large groups of people congregate.

for those in these groups that must go to the grocery store, however, some stores have adopted special hours. some stores that do not have an official restricted hour policy are also trying to accommodate the varying needs of our community on an individual basis. universally, all stores we contacted are aware of the challenges and are working to help as best they can. the situation is fluid; we will update this map as we get new information, but recommend calling the store to confirm before leaving as a precaution.
